"Some people may say Winnipeg is a small town... but I personally have been here for about a year and I have not even explored up to 10%! There are so many places to visit, so many new foods to try out, so many cultures to learn about, and it just feels like I'm playing a game where I unlock a new area every once in a while, and unlock new achievements every time after exploring some place new!"

Let UM launch your global career

Enhance your student experience, build your skills and develop your co-curricular record by getting involved outside the classroom through Co-op.

PRACTICAL PAID WORK EXPERIENCE

Following ICM completion, you may be eligible to take part in a Co-operative Education (Co-op) Program as a UM student. Co-ops combine classroom knowledge with practical paid work experience to further enhance your skills — and have you career ready when you hit the job market.

Students who participate in a Co-op program develop networks and career opportunities that help them find jobs quicker and receive higher salaries than students who graduate without such a program.

Top employers partnered with UM's co-op programs include:

"The Asper co-op program is such an amazing experience. It gives you so much edge in the market and direct exposure to what a Canadian workplace can look like. You can also apply everything you learn in class to a real-life workplace so you can decide if this is what you want to pursue in the future. It's a great opportunity to learn and develop your skills before you graduate."

- Neelam, ICM Alumni & UM Graduate (Pakistan)

Supporting your success

Making the move to study at a university in a new country is a big life decision. ICM will support you on your journey every step of the way.

We have a wide range of support services and programs to help you maximize your academic potential while helping you feel comfortable and at ease as you transition to life in Canada.

ORIENTATION

Workshops, activities and events happen during the “Month of Welcome” to help you get the information you need to get off to a great start. Students registered for UM on-campus accommodation are also encouraged to participate in the UM residence orientation.

ACCOMMODATIONS

As an ICM student, you have access to on-campus student residences, homestay, or off-campus private rentals. We recommend new arrivals consider on-campus student residences or homestay, as these options are safe and secure to book from your home country.

Students are responsible for booking their own accommodations, so it's important to consider your accommodation options well in advance - as soon as you receive your Letter of Offer.

To find an option that meets your budgetary and lifestyle needs, please visit icmanitoba.ca/microsites/predeparture/accommodation-options.

STUDY AND LEARNING SUPPORT

At ICM, we understand the transition to university level studies can be challenging. To help you develop the skills to successfully complete your studies, ICM offers a variety of study and learning support services. Our Student Success Advisors, in conjunction with various teaching staff members, facilitate information sessions and workshops for students wanting to develop time management skills or exam techniques. Student Success Advisors provide program advising, organize interactive cultural seminars, and offer a peer tutoring program. Teaching staff members are also available for individual or group appointments throughout the term, if you need assistance with assignment drafting, researching, structuring, writing and referencing.

If anything is preventing you from enjoying your academic, social or personal life, chatting or meeting with an ICM Student Success Advisor is often a good start for resolving issues. ICM students also have access to other health, counseling and personal support services.

STUDENT ACTIVITIES

ICM co-ordinates regular activities and social events that give you opportunities to enjoy all that the city and campus have to offer. Being involved in non-academic, extracurricular activities during your studies will help you develop a network of friends and broaden your outlook and skills.
